Note on variables in the Irish Policy Agendas Project (IPAP) Manifestos data set uploaded to the CAP website

Variables included in the data set uploaded to https://www.comparativeagendas.net/ are described in this data report, available on http://irishpolicyagendas.eu/. In addition to the variables described in the data report, we have added *election_in_year* to the data set uploaded to the CAP website. This variable indicates whether the election was the first or second election in a year and therefore distinguishes the February and November elections in 1982.
